Hi Greg

Thank you for your email.

Every three years Council creates a forward work programme, called a Long Term Plan. This Plan undergoes public consultation as part of the process and the community have input into what work Council will be doing and who will pay for it. Once the Plan is adopted the rates are set. The rates set is the amount of money needed to complete the work.

For the two years in between the three year Long Term Plan, an Annual Plan is created. This Plan is not required to undergo public consultation unless it means the work programme is going to change significantly..

Council's Annual Report outlines what was budgeted for, what was collected and how it was spent. Below is a link to the 2017/18 Annual Report Summary and a copy of the full report can be found on our website.

In short there is no surplus.

Regards Linda

There was a form submission on your website, on the page
<https://www.kaipara.govt.nz/Our+Council/Consultation+and+Public+Notices/Have+Your+Say/Your+Feedback.html>.

The submitted details were:

Subject of your feedback	Rates surplus
Summary of your compliment or complaint	Hi there, I was wondering what the Council does with it's surplus money for target rates? or if there were surplus? Just wondering where rates are allocated and not required there where does it go and used for what? Just asking.
I would like to be contacted	Yes, by email
