Hi Joel

Thank you for your request. I'm having trouble finding the document so have had to pass it onto our planning team. Hopefully they will have something early next week.

Regards Linda

Hi there,

Further to my earlier request today, I see that the exact name/title of what I request is:

The Excavation and Fill Management Plan

as described in, and required by, Clause 11 of the condition of consent 170360 for the earthworks at issue. I require this information urgently.

Hi there,

I have an interest in a property at Mangawhai Heads which shares a boundary with a large property at Quail Way which at present is the site of substantial earthworks which are affecting me.

I already have from KDC the two resource consents that relate to the subdivision and earthworks. These are: 170360 is the earthwork consent, and 180352 is the resource consent.

My request for information relates to the Earthwork Consent. This consent required an Earthwork Management Plan to be prepared by the applicant. I require a copy of that Earthwork Management Plan as a matter of urgency because site works are underway now.
