Please note that applications need to include a map of the area to be deemed as a 'No Spray Zone'. If you cannot provide a map, please call in to Council offices located in Dargaville or Mangawhai and staff can assist in this matter.

Conditions of Acceptance

I/We understand:

- **1 That** it is the responsibility of the applicant to mow the grass shoulder 1.5 metres wide behind the edge of the seal or metal shoulder without damaging the road shoulder or surface water channel.
- **That** it is the responsibility of the applicant to keep culvert inlets and outlets free of vegetation and silt in a condition that offers no restriction to water flow.
- That the applicant removes all noxious weeds from the road berms before they flower each season.

 The applicant also removes the following self-seeding plants and trees; Pine trees, Blue Gum, Wattle trees, Pampas, Macrocarpa, Woolly Nightshade, Tobacco plant and any other plants identified within (2017-2027) 'Chapter 6 Plants,' Northland Regional Pest and Marine Pathway Management Plan, Northland Regional Council, Pages 22 60.

- **4** That the applicant is responsible for notifying council if they decide to be removed from the list or if they no longer reside at the address in which this applicant applies.
- **That** an application for "no spray zone" does not give permission for roadside planting (within the road reserve) which is a prohibited activity.
- **That** "no spray zone" markers must remain clear and visible on the boundary locations as installed by Councils Contractors and must not be defaced in any manner.
- 7 That an application and fee is required per property (based on Parcel ID), unless properties owned/occupied by the same applicant are directly adjoined.

Agreement

I/We have read and understand the Conditions of Acceptance and I/We agree to accept these conditions.

Note: If these conditions are not maintained and the spraying contractor sees an overgrown frontage, the operator is required to spray the area as normal.
