Established in 1874 as Aratapu School, this building housed a library. The front half with its neo-classical facade was the Good Templars Lodge.

Women's Christian Temperance meetings were held here and in the early 1890's local women signed the Women's Suffrage petition.

## Tending the Flock

Mt Wesley is so named for the Wesleyan Mission built by Rev James Buller when he relocated from Tangiteroria in 1853. The Wesleyan Trust still owns the land where the homestead stood on the knoll overlooking the river for many years.
