

From Tuesday 01 August 2023, all alcohol licence applicants in the Kaipara district will place a public notice in the Kaipara Lifestyler. They will complete a public notice template as part of their application.

This notice will also be advertised at **www.kaipara.govt.nz/public-notices** and a link to this website page will sit on the Council website home page.

Public notices will be available on Council's website for at least a 15 working day period when an objector can file their objection in writing. The process for making an objection to an application remains the same.

Council will advise the public of applications via a Public Notices newsletter that anyone can subscribe to and in the Kaipara Kōrero fortnightly e-newsletter. You can sign up to receive Public Notice alerts at **<http://eepurl.com/hemjzz>** Enter your email details, select "Public Notices" and click subscribe.

Please note that applicants are still required to put a site notice outside their premises.
